

**Electric Demolition Hammer**  
**1200W-6.4Kg**

**V21100**

- It has a powerful 1200W motor to withstand working in harsh conditions
- HEX toolholder with improved cylinder, stronger impact force, longer lifetime
- High performance due to 15J single impact force
- Die-cast aluminum alloy housing enables lightweight, superior heat dissipation, and enhances body strength
- Extraordinary demolition speed
- Extensive soft grip greatly reduces fatigue during long use
- Creative dustproof design to enhance the machine's life
- Reliable anti-oil leakage technology to improve machine durability
- Lock-on switch with big trigger makes control easier
- Removable head case for easy repair

Model	V21100
Power	1200W
Voltage	230V~
Frequency	50Hz
Chuck Type	HEX17
Impact Energy	15J
Body Material	Aluminium + Plastic
Max Impact Rate	3900BPM
Weight	6.4kg
Packaging	BMC
Accessories	Hex Flat Chisel 17x280mm, Hex Pointed Chisel 17x280mm, Spanner, Carbon Brushes (1 Pair), Grease Tube, Auxiliary Handle
