

Electric Demolition Hammer
1600W-14Kg

V21102

- A powerful 1600W motor built to perform reliably, even in the toughest conditions
- HEX toolholder with improved cylinder, stronger impact force, and longer lifespan
- High performance due to 45J single impact force
- Die-cast aluminum alloy housing enables superior heat dissipation and enhances body strength
- Extraordinary demolition speed
- Soft grip greatly reduces fatigue during long hours of work
- Creative dustproof design to enhance the machine's longevity
- Reliable anti-oil leakage technology to improve machine durability
- Lock-on switch with big trigger makes control easier
- Removable head case for easy repair

Model	V21102
Power	1600W
Voltage	230V~
Frequency	50Hz
Chuck Type	HEX
Chuck Size	30mm
Impact Energy	45J
Body Material	Aluminium + Plastic
Max Impact Rate	1500BPM
Weight	14kg
Packaging	Vogler Metal Box

Accessories
 Auxiliary Handle, Hex Flat Chisel 30*400mm, Hex Pointed Chisel 30*400mm, Oil Bottle, Wrench, Carbon Brush (1 pair)
