

Electric Mini Angle Grinder 850W-125mm

V23000

- Powerful, high-performance 850W motor
- Ability to rotate up to the no-load speed of 12000/min for precise and perfect cutting
- Epoxy-coated windings increase service life by blocking dust and debris from reaching the motor
- A dedicated cooling system improves efficiency and prolongs motor lifespan
- Specially designed side handle reduces fatigue and ensures better control during use

Model	V23000
Power	850W
Voltage	220-240V~
Frequency	50/60Hz
No-Load Speed	12000/min
Wheel Diameter	125mm
spindle size	M14
Weight	2kg
Packaging	Color Box
Includes	Side handle, wheel, safety guard, spanner, carbon brush
