

Electric Angle Grinder 2400W-180mm

V23502

- High resistance, powerful 2400W motor for efficient cutting and grinding functions in heavy-duty jobs
- 3-position ergonomic side handle minimizes vibration and reduces fatigue during long-term working
The rotary main handle, which accelerates working in different angles and improves user comfort and control
- Direct airflow system, which cools the motor for more reliable performance and higher overload capabilities
- Anti-dust ball bearings, which ensure the long lifetime of the motor and make it work more smoothly
- Quick change of disc guard that allows the user to place the guard in different working positions
A new locking pin system that accelerates disc changing with a safety mechanism
- Anti-dust switch that reduces dust penetration, especially in masonry working conditions
- Easy and fast carbon brush changing mechanism

Model	V23502
Power	2400W
Voltage	220-230V~
Frequency	50Hz
No-Load Speed	8000/min
Wheel Diameter	Φ180mm
spindle size	M14
Noise level	98dB
Body Material	Copper, Aluminum, PA6
Weight	5.2kg
Packaging	Color Box
Accessories	Auxiliary Anti-Shock VOGLER-design Handle, VOGLER Wheel Guard, Spanner, Hex Key, 1 Pair
